

The Cedars

A small patch of grass land containing mature trees and shrubs at the end of a Cul-de-sac.

What You Will Find Here

- A small grass area with bollards to prevent cars parking on the grass
- Several mature trees and shrubs

Technical Summary

Habitat: A mixture of amenity grass and mature trees / shrubs

Recreation value: Low

Management Summary

A small area of amenity grass and mature trees. The area is too small for recreational use but the mature trees have a nature value

Management Activities

- Regular mowing of the amenity grass during the spring, summer and autumn
- Tree maintenance of both the mature trees and shrubs
